November 2015

Dear Business Owner or Manager,

The Athletic Department at Chaparral High School in Douglas County is holding its 9th Annual Silent Auction Fundraiser on February 13, 2016. The funds raised from this event will benefit over a dozen different Chaparral sports (both boys and girls) as well as the Chaparral DECA program. Some of our largest needs are to offset the cost of transportation and other budget reductions that we are facing this next year. With your support, we hope to raise enough to reach at least some of our goals.

If possible, would your business be able to support our effort through a donation of an item, service, or gift certificate? We are a 501 (c) [3] organization (FIN/EIN 846011446) and have enclosed a donation form for your record keeping purposes. We are also accepting sponsorships from companies in the area to help fund our event and can provide more information about that if you are interested.

We recognize you may receive many requests for donations. In return for your kind donation, we would be happy to display any take-home literature you may wish to provide at our event. This will generate future support of your business from our estimated 400 attendees.

Our families, athletes, and DECA members appreciate your consideration in this effort. Feel free to contact us through the email or phone number below. On behalf of all the student athletes and DECA members at Chaparral High School, we thank you for your support.

Sincerely,

Rob Johnson
Chaparral High School
Athletic Director
